INTRODUCTION

The Alliance for Continuing Education in the Health Professions (the Alliance) is a community of over 1,300 experts dedicated to advancing healthcare through continuous learning and educational innovation.

Since 1975, we have been the trusted partner for healthcare educators seeking to translate science into practice and support lifelong learning.

OUR MISSION

The Alliance is a community of continuing professional development colleagues who share and implement best practices across healthcare settings and professions, validating the value and impact of continuous learning.

Our mission aligns with academic institutions preparing highly skilled, practice-ready graduates.

FOCUS ON THE FUTURE

In 2024, the Alliance started to support academic programs aimed at training healthcare education professionals who are ready for the future.

As students began to contact the Alliance, we identified a significant need to assist them in preparing for the extensive realm of continuing education in healthcare.

OPPORTUNITIES FOR STUDENTS ENTERING HEALTHCARE FIELDS

Students need more than academic knowledge — they need to be practice-ready, confident, and prepared to lead change in healthcare.

- Navigating rapidly evolving healthcare knowledge and technologies.
- Developing the critical thinking and adaptability needed for lifelong learning.
- Gaining early exposure to interprofessional collaboration and real-world practice standards.
- Building professional networks and mentorship connections before entering the workforce.
- Standing out to employers by demonstrating commitment to continuous growth and high-quality patient care.

OUR PATHWAY FOR STUDENT SUCCESS

Empowering Future Healthcare Professionals

- Integrate cutting-edge continuing professional development (CPD) principles and practices into your curriculum to prepare students for real-world challenges.
- Provide students with access to industry-leading resources (articles, podcasts, thought leadership) that inspire lifelong learning habits.
- Facilitate connections to a national community of healthcare professionals and mentors, giving students a head start in building their career networks.
- Position your graduates as standout candidates who are committed to excellence, innovation, and patient-centered care.

Mentorship and Scholarship Programs

The Alliance Mentorship Program

The Alliance offers a comprehensive mentorship program designed for students to connect with fellow members and gain insights into Continuing Professional Development (CPD) to facilitate job placement.

- The program matches mentees with mentors based on various factors such as industry experience, National Learning Competencies, and shared interests.
- It spans six months, and all participants are encouraged to join a monthly one-hour virtual mentoring session.
- Additionally, pairs are expected to meet at least once a month for a one-on-one discussion.

FutureForwardCPD Initiative

The FutureForwardCPD program addresses a vital need within the healthcare industry by establishing partnerships with Historically Black Colleges and Universities (HBCUs). Thanks to the generous support from our sponsors, the Alliance can provide scholarships to selected students for attending the Alliance Annual Conference, becoming Alliance members, and participating in quarterly cohort meetings.
